

'Just One Thing!'

St Anne's Catholic Primary School Sarina

Parental involvement in school activities directly benefits our students and by attending monthly P&F Meetings, volunteering across the school within classrooms, at fundraising ventures or at tuckshop, gives parents an insight on how the school operates.

We encourage all families to assist with at least **'just one thing'** throughout the school year to support the improvement and maintenance of facilities and resources for the school community.

We do understand that work and family commitments are of high priority, however, it would be greatly appreciated if every family could volunteer assistance at one of the events listed.

Please complete the return slip below to nominate your preference for volunteering during 2015.

Thanking you in advance for your support!

John Ballinger-Oches
Principal
